

bfl::ObservationModel

```
classDiagram
    class bfl_LinearSensor["bfl::LinearSensor"]
    class bfl_ObservationModel["bfl::ObservationModel"]
    bfl_LinearSensor --|> bfl_ObservationModel
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'bfl::LinearSensor'. A blue arrow points vertically upwards from this box to a white box labeled 'bfl::ObservationModel' at the top. This indicates that 'bfl::LinearSensor' inherits from 'bfl::ObservationModel'.
